Reading proficiency within Clarksdale City Schools

• **141st/150th**

Coahoma County High School ranking out of all state schools

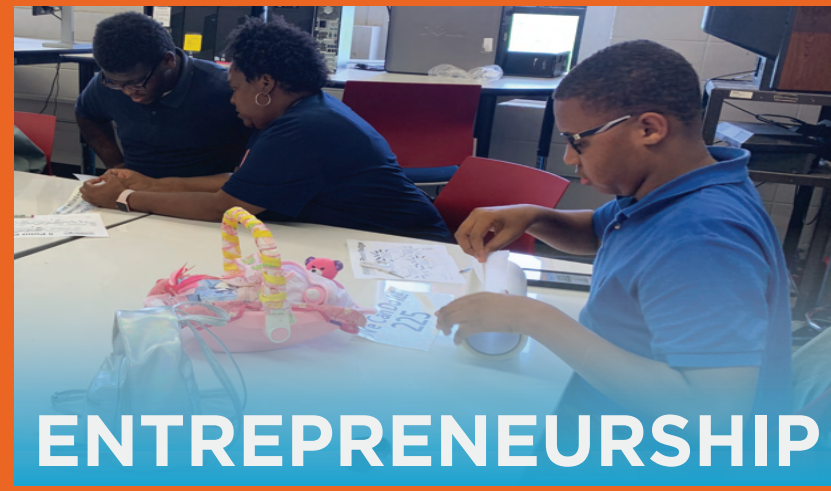

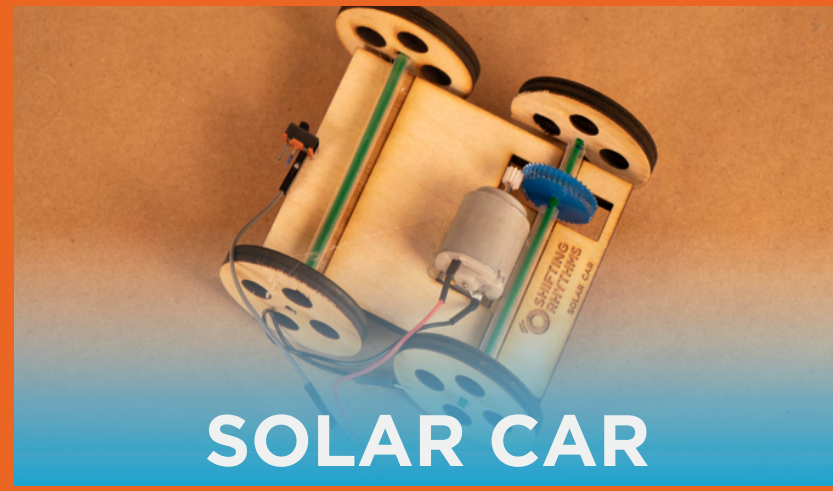

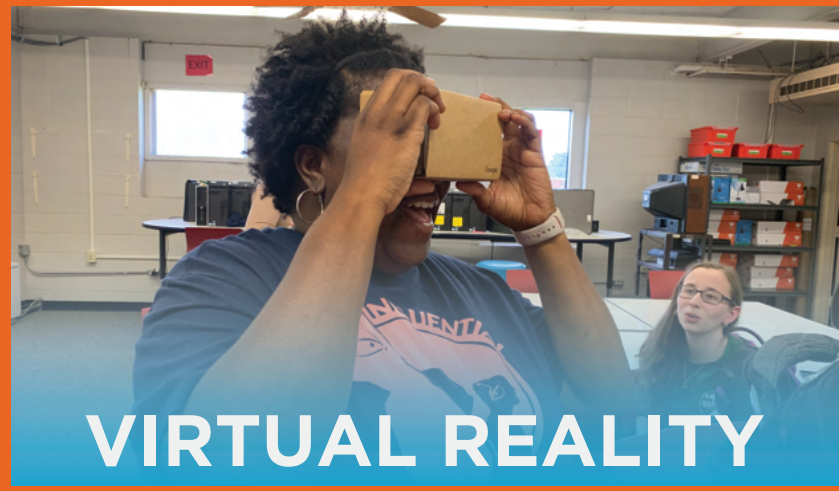

• **F**

Coahoma County and City School District Grades

SHIFTING RHYTHMS

EXPANDING OUR CURRICULAR REPOSITORY

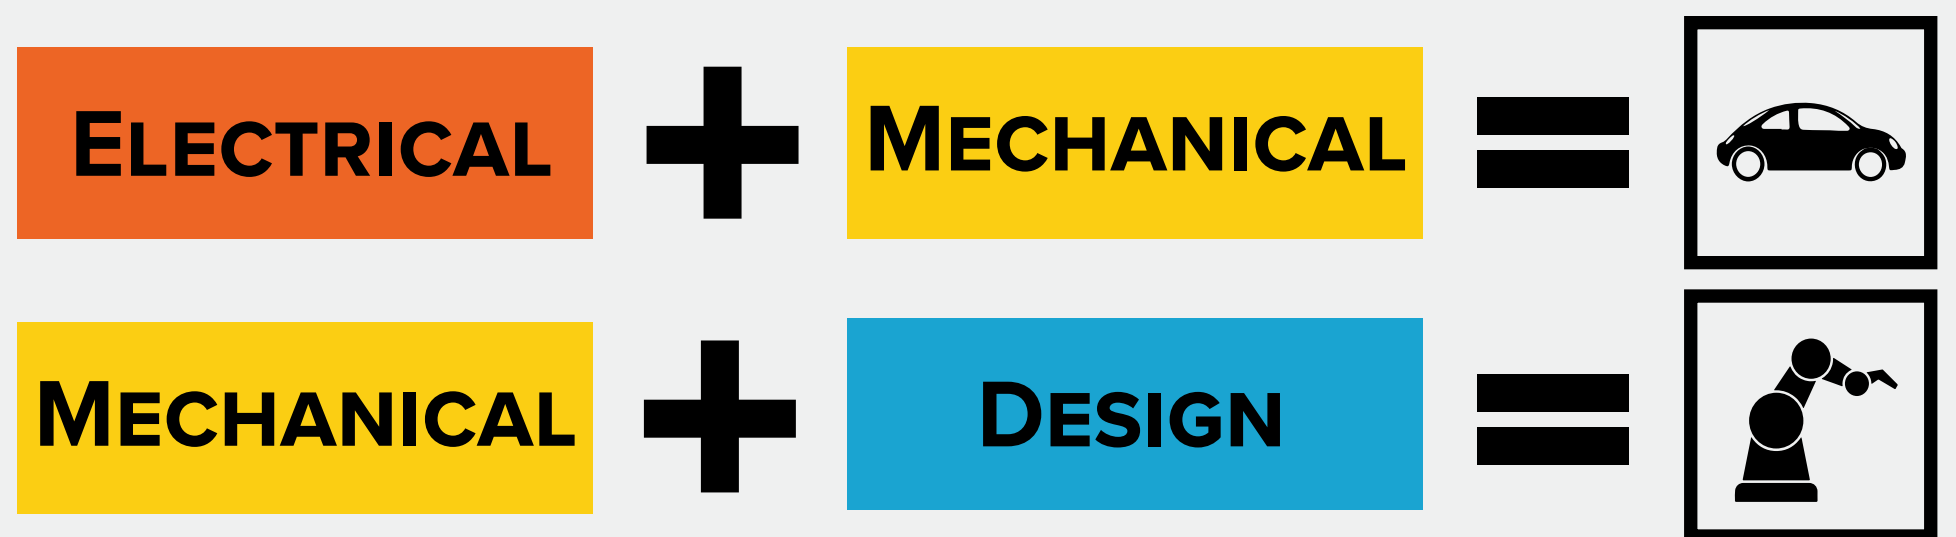

In preparation for our Summer 2019 Pilot Program, Shifting Rhythms has been hard at work producing curricular modules of varying lengths, difficulty levels, and subjects. Their chronology strives to maximize student confidence and transfer skills as effectively as possible.

CURRICULUM DEVELOPMENT

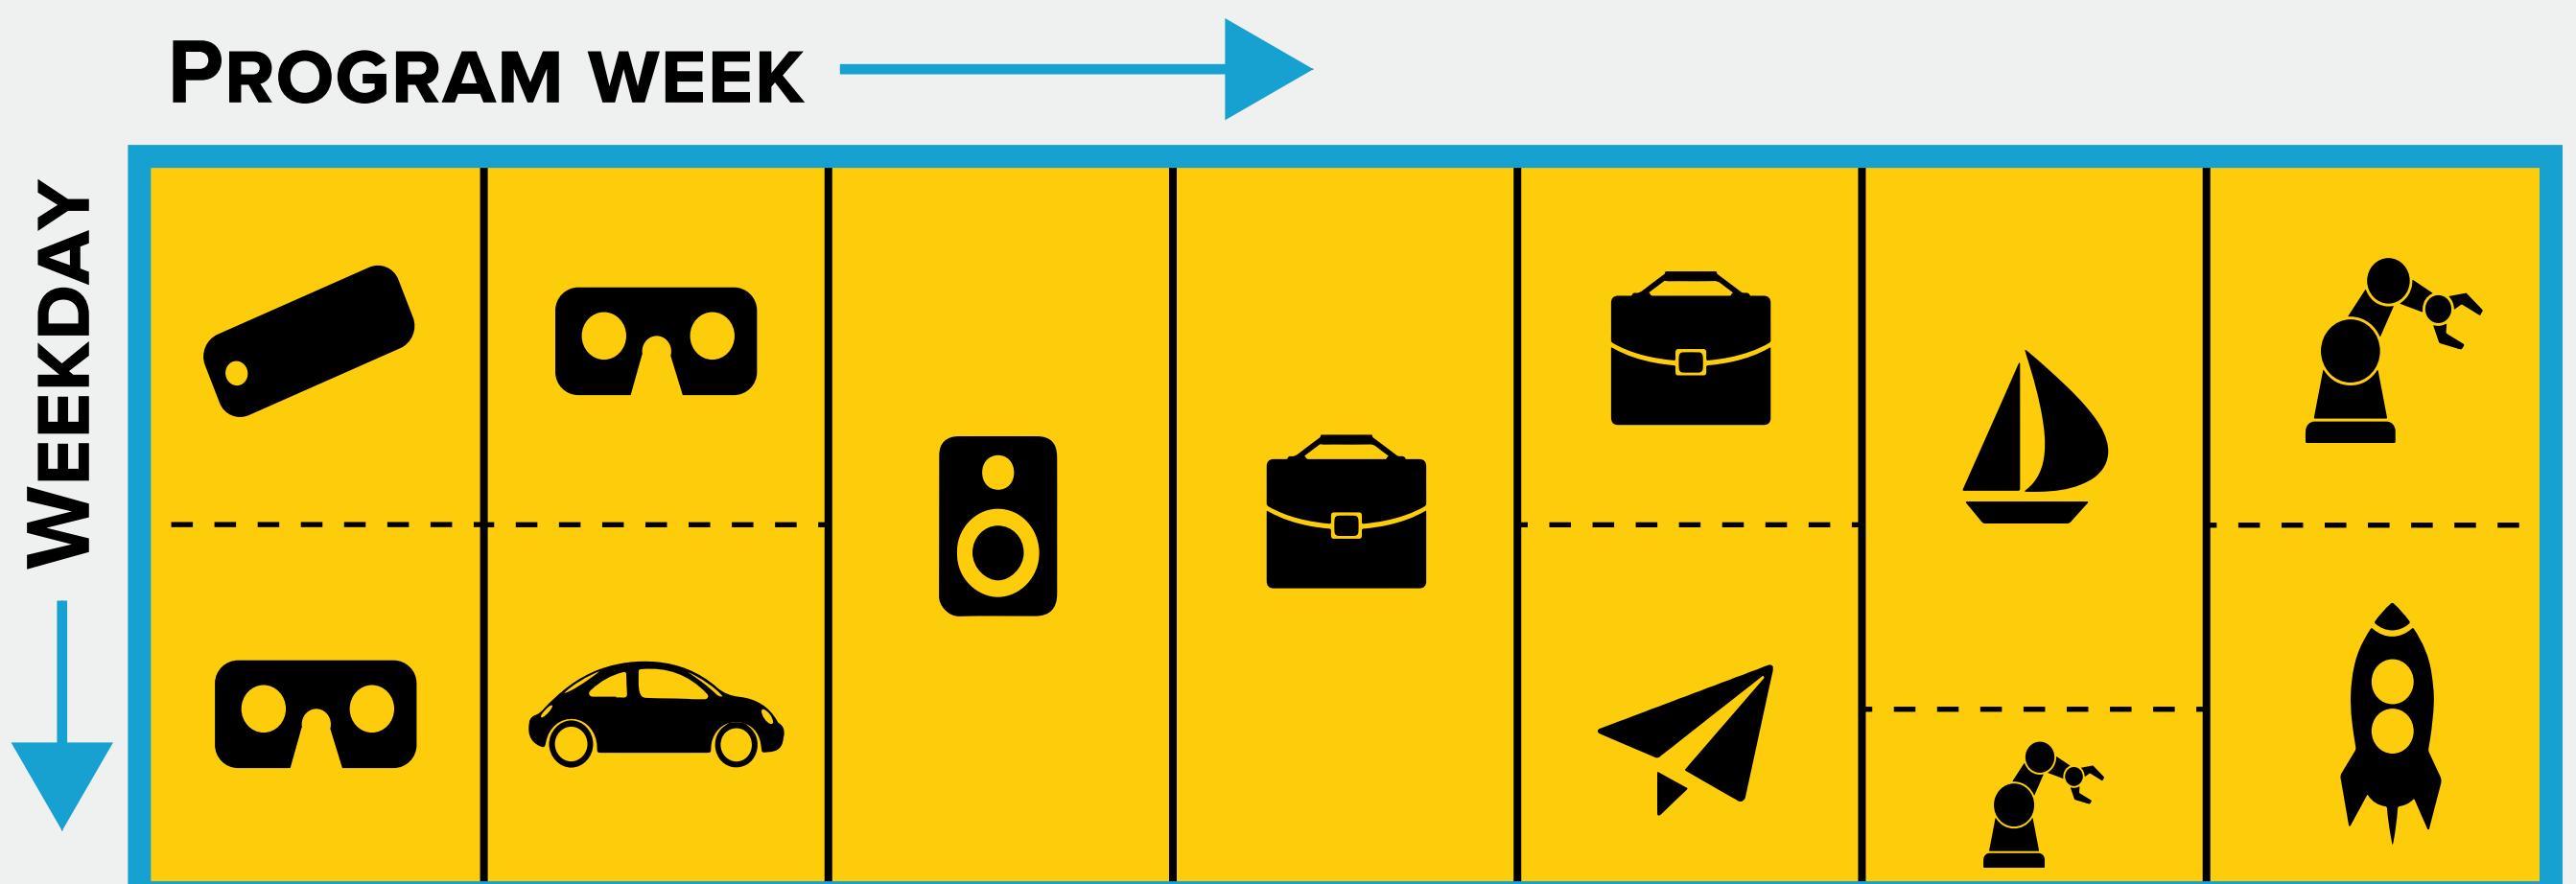

We have used our engagements with local students and education experts in Clarksdale, MS to inform the development of Shifting Rhythms' existing curricula, and the creation of new content.

In culmination of last semester's foundational development and this semester's curriculum building, we will be offering a 7-week-long pilot program this summer. We will bring 28 hours of curriculum to 80 students.

PILOT V.2

-  Keychains
-  VR
-  Solar Car
-  Speaker
-  Entrepreneur
-  Planes
-  Boats
-  Hydraulics
-  Rockets
